Boarding

The Boarding at NISV is the “very heart of the school” and at the outset it is to be emphasized that for the boarders, this is HOME. There needs to be amongst each and every boarder a strong sense of belonging, of being wanted, of being special ...

The boarders will usually be resident in school on weekends / holidays and participate in weekend programs.

Boarders may go out on weekends / holidays with their local guardians and attend functions hosted by day scholars. This permission shall be granted only if they have their parent's permission through mail or SMS and that the host is fully aware of the responsibility of hosting the student, which includes picking up and dropping back to the hostel.

Following the written request of a parent, a boarder may return to his/her home (or guardian's home) on weekends / holidays. The parent or guardian may collect the student after classes on Fridays or Saturdays depending on the school calendar. The child is expected to return to the boarding house by 5:00 p.m. after any break.

There may be some weekends where all boarders are expected to remain in school for programs that require compulsory attendance.

There is no reduction of the boarding fee for those who are out on weekends.

On written request from the parent and at the discretion of the Principal, a boarder may be permitted to be a day scholar for some period of time. This period is to be no more than 14 days permitted for each term. There will be no reduction in boarding fees in such cases. It is to be understood that a boarder who for any reason chooses not to avail of boarding facility, may also lose out on the admission in school.

Before Your Arrival

Do not bring more than a single suitcase but decide carefully what you will put in it. Vadodara enjoys a warm dry climate most of the year though there is usually a pleasant breeze on campus.

It can be cold in December and January. The monsoon season from June to September is unpredictable with rains ranging from light to torrential. Most of the year we tend to wear lightweight cotton or natural fibre clothing but students will require a sweater or sweat shirt from time to time during the winter months. Most students when in casual clothing, wear jeans, shorts, tracksuits, pants, t-shirts and skirts. It is advisable to bring smart

clothes for special functions such as formal dinners, plays, or trips. Footwear can include training shoes, sneakers, floaters or open sandals. A suggested list of items to be brought to school is given in Appendix A, B & C.

House Parents & Residential Staff

The best infrastructure is meaningless, without a staff that is compassionate, caring and involved with the children under their care. The key personnel in this endeavour are the house parents who are the “primary care givers” and the residential staff. The personal involvement of each member of staff goes well beyond merely fulfilling one's duty. As “in loco parentis” they stand in for the parents, being role models, good listeners, always available and yet gently firm when needed.

In the regular day school as well, it is an expectation that the boarders are treated with that “extra special attention” by every single staff member. The grade tutor, in particular, takes a personal interest in the boarders who are in her/his grade, checking on them on a regular basis and keeping in touch with the respective house parent for routine as well as non-routine procedures. For instance, a link book note must bear immediate results regardless of whether it has been initiated by the grade tutor, the house parent or another member of the staff.

Apart from the responsibilities associated with the regular day school, the residential staff (Teaching & nonteaching) will also be caring for your child during activities through the day/week when the boarders need the active supervision of the resident staff.

Over weekends, different groups of residential staff members are assigned duties that they share with the house parents. On designated weekends (announced in advance) the boarders are treated to an outing that may include a movie, a visit to a museum, a picnic, a trek, an outstation trip, etc.

Vacations

All boarders are expected to vacate the boarding houses and return to their home/guardians' home for the three vacations, i.e. Summer (approx 33 days), Autumn/Diwali (~12 days) and Winter/Christmas (~12 days) (cf Year Planner for the respective year) and Exeat days. The boarding houses are closed during the school vacations and Exeat days and students will not be permitted to stay in the hostels during this period.

Parents/Guardians are expected to pick up their wards after school on the last working day prior to the exeat/vacation or in the morning of the following day. They are expected to return to the boarding houses between 2 to 5 p.m. of the last day of the exeat/vacation. Regular Weekends/Holidays, the return time would be 10 am, 1 pm or 4pm to 5pm strictly.

EXCEPTIONS: The IGCSE and IBDP Board examination students may be asked to stay on in the boarding houses during part of the Spring and Summer vacation in order to avail of additional academic support and to appear for their respective board examinations. These students will vacate the hostel on the day the examination ends. Special exception will be made for foreign students who will vacate the hostel on the following day.

Boarding Houses

The functioning of the boarding facility is under the overall direction of the Principal. Every boarding student is allocated a study-bedroom in a gender specific house supervised by house parents with the support of the residential staff as well as a team of housekeeping personnel. Study-bedrooms are shared between three students and may be personalised with suitable pictures, posters and photographs.

Normally children of the same age will share a room. In exceptional circumstances, a difference of two years may be permitted.

Enough storage space is provided for clothes, books, etc. While arrangement for locking the cupboard is provided, it is understood that the students are not expected to keep any money or expensive items with themselves. However, the room will have a lockable system, the key for which is in the custody of the house parent. Under no circumstances are the students allowed access to these keys.

Each boarding house has a recreational space with an inhouse television, stereo sound system. Computers with internet connection via the school server are also available for the students' use at designated times.

The school provides only a pillow with a mattress. Students are required to bring their bed linen, towels, blankets/comforters. A boarder is permitted to bring his/her personal pillow and linen.

Prep & Extra Classes

Supervised prep is mandatory for all boarding students, who are required to work quietly and diligently during these sessions.

Residential staff who supervise prep are available for support at these times apart from other special academic support classes that are organized for those who need the same after school on a payment basis.

Students must report for prep in the sports uniform.

Provision for extra classes is made in school by tutors

from outside on extra payment by the parents. However, if a boarder chooses to avail of extra classes outside the hostel, he/she may be permitted only after the approval of the Principal and a written declaration by the Parent regarding the safety of their ward while he/she is out of the hostel. Under no circumstances will the boarder be allowed to leave the hostel before 9.30 am and return after 8.00 pm.

Boarding Teams

Within a week of joining the boarding, the boarders are placed in a boarding team to enhance healthy competition and participation in various team activities. Various events and games are arranged during the week and holidays to facilitate team spirit and bonding. Each boarder is provided with (at additional cost) 2 sets of the team outfit and is to wear the same for these team events. Certificates for the winning teams/individuals will be given and an award for the BEST TEAM will be given at the end of all activities planned for the year.

Imprest Account

An imprest account is maintained for each student. The amount deposited by the parent/guardian will vary from year to year and between grades. It is the house parent's responsibility to maintain the account of each individual boarder in his/her care and to inform the accounts department of such expenditure.

Parents would be required to replenish the imprest account as and when required. Instructions for the same would be given by the house parent.

Pocket Money

Boarders are issued with a fixed amount of pocket money for personal expense as and when required. This will be deducted from the student's imprest account and disbursed by the house parent. Please note that boarders are not allowed to keep any money. All monies must be deposited by parents with the house parent for safekeeping.

Laundry

All laundry of boarders is taken care of under the direction of the house parent. Soiled laundry is placed by the student into laundry bags and collected. All clothing and articles sent for laundry are tagged for identification purpose at additional cost. While we ensure that great care is taken during the entire process of collection, recording of dispatch/return, re-issue so that no clothes go missing or are rendered unusable, the boarding management will not be accountable for a lapse in the same. Under garments are washed in-house at no cost while other clothing are washed at a nominal cost.

Electric Power & Gadgets

The school power supply is set at 230v AC. All electrical sockets are three pin. We have our own generating system, which supplies power to the boarding houses during power cuts. Please check with the school first, before providing any electrical equipment to your child. The school shall not be held responsible for the loss or theft of any electrical device or gadget. Students may want to leave the gadgets with the house parents for security purposes.

Health Services

Parents/ Guardians must provide a detailed history of the student's health at the time of admission. It is vital for us to know all details no matter how insignificant.

The School provides first aid facilities only. Emergency medical treatment (including general anesthetic) at a recognized hospital will be provided if a parent cannot be contacted in time as per the consent given in the medical form at the time of admission. Every effort would be made to contact a parent in such circumstances.

Parents must inform the house parent/resident nurse in writing if the student has any known medical condition/disability or health problem or is unable to take part in physical education or sports or has been in contact with infectious diseases.

The school has an infirmary attached to the boarding houses and there are qualified staff on duty at all times. Treatment for minor illnesses and first aid is given immediately at the infirmary. The doctor is available on campus thrice a week and is called at other times when required.

When special medical care is required or if a child is suffering from a contagious illness, arrangement will be made for the child to be placed in a room out of the hostel with the resident nurse attending to the child until arrangements are made by the parents for the child to be taken home.

A qualified and reputed pediatrician is appointed by the school as a regular consultant for the students in the boarding and is available on call. The school also has an arrangement with Nand Hospital/Bhailal Amin General Hospital and in cases of emergency, the patient can reach the hospital in a short while.

For other medical issues that crop up (colds, coughs, stomach upsets, skin allergies, etc.) the nurse fixes an appointment either with the pediatrician (or with another specialist, if the case requires such) and accompanies the student to the clinic. The consultation fees, transport and medication for such visits is billed to the student via the

imprest account.

No child is permitted to keep any medicine with him/her. All personal medicines are to be left with the resident nurse who shall administer the same to the child when required.

Catering and Dining Facility

The kitchens at NISV are of the highest standards and well equipped. We prepare three full meals a day as well as mid-morning and afternoon snacks. The menus are varied and offer a mix of several cultural styles.

Boarders must indicate any particular dietary needs to the admissions officer prior to coming to school. Requests for changes to meal times for religious festivals should be addressed to the Principal well in advance of the event. Vegetarian dishes are served at all meals. On request boarders will be provided Non-Vegetarian meals(prepared in a separate kitchen) at dinner on a chargeable basis. Any boarder availing of egg preparations for the breakfast or dinner will be charged extra.

All meals are supervised by the house parents. Students are expected to attend all meals. In the interest of health and safety, parents are requested not to send outside food & drinks to the school or hostel.

Mobile Phones

NISV students are not allowed to bring or use mobile phones on campus. However, boarders bringing cell phones onto campus must hand them over to their house parents on arrival. This may then be collected just prior to departure. Smart Phones are not required. Nonconformance will result in confiscation followed by appropriate disciplinary action if a student is found with a mobile phone. Confiscated mobile phones will not be returned.

Mobile phones may be used to make/receive calls on Tuesdays, Fridays, and Sundays from 8.30 p.m. to 9.30 p.m.(IST). This will be done at the discretion of the house parents.

Student Visas and Residency Permits

(1) Visas

A student visa is required for every person not holding Indian passport. A student visa may be obtained through the Indian Embassy in the country in which the student is currently residing. Once a student has been accepted for admission, the school will issue a letter of confirmation with the effective date of entry into the institution. This document may be used as part of the visa application. It is the responsibility of the parent/guardian to maintain a current visa and ensure that the student's passport is valid at all times.

(2) Residence Permits

All persons who do not hold an Indian passport intending to stay in Vadodara and the state of Gujarat for more than 6 months require a residency permit. The local guardian/parents will follow the remaining process. In case of expatriates staying in the hostel, the house parent will be the local guardian.

All communication with the guardian is taken as communication with the parent. The guardian takes complete responsibility of informing the parents of any information he/she receives from the school about the status of the student (e.g. overdue fees, report cards, etc.) His/her signature is taken as acting on behalf of the parents. It is mandatory for the local guardian to attend all Teacher Parent Conferences scheduled during the year. Discipline, Support Measures and Sanctions

The School / boarding aims to support parents in the task of inculcating sound values and self-discipline and of practicing acceptable norms of behaviour. The aim of pastoral care is to ensure that students are equipped with the values that enable them to deal with life after they leave the secure environs of the school and home. We therefore lay emphasis on good behaviour firmly and consistently. The school / boarding recognizes the importance of moral intelligence and strives constantly to educate its wards on the propriety of behaviour.

Regular formative guidance is given in class and assembly on such matters as tobacco, alcohol and drug abuse.

The essential rule for conduct at NISV is Behave Sensibly. Any matter not dealt within this list falls under this rule. If any student finds it difficult to judge what is sensible, any faculty member will be pleased to help.

Positive reinforcement forms the core of our discipline plan. The school commends scholastic ability as well as exemplary behaviour.

Grade tutors take due care to ensure that their wards understand, appreciate and develop a sense of responsibility to themselves, the school and finally to society.

Unsatisfactory Conduct

Chronic misconduct necessitates remedial action. A non satis (abbreviation for non-satisfactory) note is issued to a student by a staff member to record the instance. This may be academic in nature (e.g. Incomplete work, late handing in of assignments etc) or socially disruptive (e.g. bullying, using abusive language, non-adherence to the dress code, unexplained absence, poor attitude, etc).

The issue of an 'unsatisfactory' note may lead to disciplinary action such as additional subject related work, service-oriented tasks or detention. The gravity of the offence determines the nature of the remedial measures adopted. Punishment is not necessarily a first resort if the offence is of a less serious nature. Where it is used it should, if possible be constructive. If a student ends up enjoying a punishment such as community service this is not at all counter productive. Extra work or repetition of inadequate work may often be an appropriate corrective measure. Tutors will report unsatisfactory work or behaviour on "Non Satis" slips.

The Principal, after consultation with the Student Welfare Committee, Grade Tutors and subject tutors determines the corrective measures to be adopted. All records of student conduct are kept in the student files.

Detention may be arranged by departments or individual tutors. Students may do academic work towards improving their competence in the subject concerned and or Community Service.

Regular School Detention, supervised on a rota basis by tutors, could be instituted if a majority of faculty find them helpful.

It is part of the philosophy of NISV that anyone who is not prepared to behave reasonably must leave our community either permanently or until s/he decides to assume the responsibilities of studentship. Suspension and Expulsion may be levied at the discretion of the school Principal, post consultation with the student

welfare committee. However, behavior such as substance abuse and bullying/ragging invite immediate suspension/expulsion.

Corporal punishment, physical or verbal abuse, formal or informal, is not used under any circumstances.

Parents authorise the Principal and staff, to whom the supervision of pupils has been delegated, while in loco parentis, to take and/or authorise, in good faith, all decisions that safeguard and promote the welfare and proper education of the Student. Parents consent to such physical contact as may be lawful, appropriate and proper for teaching and appropriate to provide comfort to a pupil in distress or to maintain safety and good order.
