

Profile

Navrachana International School, Vadodara (NISV)

Navrachana International School, Vadodara (NISV), managed by the Navrachana Education Society (NES), marks the coming of age of International School Education in Gujarat. NISV is the first Day-cum-Residential co-educational school in Gujarat, which offers a complete K–12 education through a global curriculum framework and progressive pedagogies to students. The School keeps abreast with the latest in holistic education, adopting best practices from around the world.

NISV is affiliated to the CBSE (Central Board of Secondary Education). The Navrachana International School is located in quiet and serene surroundings in Vadodara, a city with a rich cultural heritage and a unique cosmopolitan character, the result of the visionary genius and zealous endeavour of its erstwhile ruler, Maharaja Sayajirao III. In this environment, NISV has been embraced as a significant contributor to quality education.

The School's Mission, Vision and Philosophy incorporate the time-honoured principles of fostering the spirit of excellence through educating, empowering and enlightening all its students. With an effective mix of internationally acclaimed curricula and methodologies within an essentially Indian ethos, NISV's objective is to train generations of young students to grow and develop into proud and responsible global citizens.

Infrastructure

NISV's academic curriculum is complemented by its state-of-the-art infrastructure that helps in creating an environment of enquiry and learning. The school is situated at the centre of a verdant green expanse of sports fields fringed with trees. It is a low rise building flooded with natural light and air. The large open-to-air quadrangle and wide corridors flanking the class rooms use these elements to advantage. Air-conditioned classrooms, Science laboratories, IT enabled Resource Centers, Art and Craft rooms, Libraries and technology-aided classrooms help NISV's team of highly qualified and experienced teaching professionals to deliver its curricula effectively. Their skills as facilitators are continually enhanced through frequent faculty enrichment programmes, both external and in-house. Consequently, the culture of “grow as you learn and learn as you grow” underpins the academic environment at NISV.

We have opened our hearts and doors to students from around the world! NISV's student residences are geared for comfortable living, designed aesthetically and practically, and accommodate three children to a room. While the recreation lounges allow for relaxation, the ICT node in the study lounges makes for engaging learning.

Co-curricular Activities

All activities at NISV attempt to develop students into well-rounded individuals. With the objective of providing an appropriate platform for 'hands-on' learning to our students, a wide array of sporting activities, conducted under the supervision of qualified sports coaches, have been provided. From conventional field games, to the more stimulating activities such as aerobics and yoga, NISV offers them all. A dream 400-metre race track, lush green Football Fields, Tennis Courts, Basketball Courts, Table Tennis facilities and an Olympic-sized swimming pool are temptations enough to stimulate even the most athletically uninspired!

No less important at NISV are Aesthetics, Art and Culture. Full-fledged Centers for Visual and Performing Arts are the pride of the school. In this crucible, latent talent is nurtured, enhanced and acknowledged under the tutelage of dedicated and extremely talented teachers, who are often practising artists and performers themselves.

Our Outbound Programme to various parts of the country and abroad complements our curricular endeavours as it provides experiential learning beyond the walls of the classroom and facilitates a deeper contact with nature and the environment. The vibrant Student and Teacher Exchange Programme with schools abroad is aimed at facilitating International-mindedness and creating opportunities to focus on the world as a canvas for learning.

Scheme of Studies (CBSE)

The pursuit of excellence in academics is the primary objective of NISV's CBSE section. Students learn through a highly enriched curriculum that gives them a sound and broad foundation of basics as well as opportunities to be challenged and to delve deeply into areas of their interest. The stress of examinations is done away within the formative years of the child's learning. Continuous and comprehensive evaluation is done by way of periodic assessments. At the Secondary level formal evaluation methods are adopted to prepare students for the public examinations

1. Foundational Stage (Grade I & II):

The goal at this stage is to enable children to form concepts related to the world around them through direct experience and interactions with the physical, social and natural environment through Language (English, Hindi & Gujarati), Mathematical thinking and Environmental Awareness. Life Skill classes are also part of the regular course.

2. Preparatory Stage (Grades III to V):

The goal at this stage includes play, discovery, activity based, interactive learning and cognitive development of a child. The focus is still on Language and Numeracy skills. To prepare the students to take examination in middle school, periodic tests and term exams are scheduled for Grades 4 to 5 in the academic year. In school, evaluation takes place in a stress-free and learner-friendly environment ensuring comprehensiveness, competency spirit and transparency. Life Skill classes are also a part of the regular curriculum.

3. Middle Stage (Grades VI, VII & VIII):

The Middle Stage emphasizes on experiential learning to improve the skills of children. They learn the basics of Science, Social Science, Mathematics, Arts and Humanities. Students study three languages from Grades VI to VIII. This stage involves the art of listening, speaking, reading and writing, leading to communication skills with grammatical accuracy and appropriateness of style. Computer expertise is acquired to deal with the Technology-aided learning environment of today. Music, Health and Physical Education are treated as co-scholastic areas to develop skills, aesthetics and sensibilities. Life Skill classes are also part of the regular course. Interdisciplinary skill subjects and clubs helps students to develop their skills. Platforms like Creya, Math Buddy builds the applicatory skills of students across subjects. Subject enrichment activities help to enhance the understanding of the subject. Evaluation is in the form of periodic tests, term and annual examination. The pedagogy of curriculum transaction at this level prepares the students for any of the National (CBSE/ICSE/GSEB) or International Boards (IGCSE, Cambridge/IB, Geneva).

CBSE in consultation with MHRD and Ministry of Sports (Govt. of India) has attempted to integrate and mainstream Health and Physical Education across the Middle school and Secondary level. This is to ensure that the Physical Education component which will continue to be assessed internally, is cross-curricular and interdisciplinary across the four strands. The skill development Programs include Creya- a robust STEM program, Kaushal Bodh, Math Buddy a comprehensive and interactive Math programme and a variety of Clubs.

4. Secondary stage (for Grades IX to XII):

The syllabus is planned in a manner that helps students to acquire skills and apply theoretical knowledge in their day-to-day life and prepares them to be a life-long learner. Learning areas include Languages (English, Hindi/Sanskrit/Gujarati), Mathematics, Science, Social Sciences, Life Skills, Vocational Subjects, Art Education, Health and Physical Education. Arts integration has been introduced by CBSE which builds greater understanding across disciplines, supporting authentic experiences that engage and motivate learners. This practice provides multiple modes of learning and understanding, while also fostering imagination, creativity and personal interpretation of ideas and topics..

The educational framework for Grades 11 and 12 is structured in alignment with the NEP 2020 and the CBSE curriculum. This new approach empowers students to select learning pathways and programs that resonate with their talents, skills, and interests. It fosters creative and critical thinking, nurtures social values, and promotes intellectual growth alongside the development of practical skills. These elements are essential for self-expression and holistic personality development, equipping students with 21st-century competencies. These skills support a responsible commitment to human rights, sustainable development and global well-being, ultimately shaping them into true global citizens.

Boarding @ Navrachana International School, Vadodara (NISV)

The Boarding at NISV is the very heart of the school. For the boarders, NISV is HOME. Each boarder is made welcome and feels a strong sense of belonging. The best infrastructure is meaningless without a staff that is compassionate, caring and involved with the children under their care. The key personnel in this endeavour are the House Parents, who are the 'primary care givers', and the Residential Staff. The personal involvement of each member of staff goes well beyond merely fulfilling one's duty - they are role models, good listeners, and gentle but firm when needed.

Every boarding student is allocated a study-bedroom in a single-sex house supervised by House Parents; they are supported by the Residential staff. Study-bedrooms are shared between three students and may be personalised with suitable pictures, posters and photographs. Normally children of the same age share a room. Each House has a recreational space with multimedia equipment and a library. A separate study lounge is also available. Computers with Internet connection via the firewall protected school server are available for students' use at designated times.

The school has an Infirmary attached to the Boarding Houses with qualified staff on duty at all times. Treatment for minor illnesses and first-aid is given immediately at the Infirmary. The school has an arrangement with private hospitals, and in case of an emergency, one can reach a good, well-equipped hospital quickly. Regular medical check-ups are undertaken for the students.

The dining facilities at NISV are of the highest standards and well-equipped. We prepare three full meals a day, with mid-morning and afternoon snacks. The menus are varied and offer multi-cuisine choices. On request, boarders may be provided non-vegetarian meals at dinner and eggs for breakfast at an additional cost. All meals are supervised by the staff. Students are expected to partake in all meals.

In school, the Boarders are treated with that 'extra special attention' by every single staff member. The Grade Tutor, in particular, takes a personal interest in the boarders who are in her/his grade, checking on them on a regular basis and keeping in touch with the respective House Parent for routine as well as non-routine procedures.
